

High-potency catnip kicker toys that your fur-baby is sure to love!

What is a catnip kicker?

Our catnip kickers are soft, fabric toys filled with polyfil and a generous amount of catnip, made for your cat to grab and kick to their heart's content!

Who are we?

Fred over Heels is a queer-, trans-, and autistic-owned business. It is run by self-taught sewist Dilan Janes (they/them) a devoted cat dad of six! Every toy is lovingly handcrafted with your fur babies in mind.

Fred over Heels is proud to cater exclusively to cats! This focused approach allows them to provide an unmatched level of expertise and gives you the peace of mind that your cat's wellbeing is always at the forefront of their thought.

All new Fred products and each new batch of catnip goes through vigorous testing, by their in-house Quality Assurance team (their cats, of course), before hitting market to ensure potency, durability, and enrichment value.
